# TOWN OF GRANITE QUARRY BOARD OF ALDERMEN BUDGET WORKSHOP May 19, 2022 4:00 p.m.

## **Budget spreadsheets**

I've made notes of anomalies or highlights within the normal personnel & operations line items of each department in the budget spreadsheets. Any debt service has of course already been prioritized by the Board. Items in red are either major or capital items that are highlighted, include a more detailed summary within Departmental Overviews below, and/or may need additional discussion & direction from the Board before I know which way to go with further refining them.

#### Administration/operations

Staff and I constantly scrutinize the operational line items of the budget. We evaluate trends, examine economic forecasts/price increases, constantly look for savings, and areas where we can be more efficient (both inter- and intra-departmentally). If costs increase in one area, we look for ways to offset in another whenever practical to keep the budget as even keel as possible.

The truly *unprecedented* environment we've been in the past 3 years has changed everything. It's thrown off trending forecast abilities. It's tremendously escalated that constant scrutiny of the budget, supply costs/availability, and time spent following up, planning ahead, and considering alternative options. Even managers are having to drastically adjust and rethink the way we look at some things as the 'new normal'.

#### 01-4310-00 Salaries (and -02 thru -14: Personnel costs)

In each of the departments you'll notice that FY21 Regular Salaries seem abnormally low. The 6/13/21 - 6/26/21 pay period of course occurred within FY21, but that period's payroll didn't hit until 7/1/21. The Auditor ended up adjusting that full payroll cycle amount into this FY, resulting in 27 pay periods instead of 26. We are currently compensating wherever practical to stay within budget.

CPI Index / Market Adjustments (MA) and Performance Pay. We can go into more detail at the workshop, but in a nutshell: everyone's competing to staff their positions from the same very small pool of available candidates. So competition for recruiting *and* retention is likewise unprecedented, and unpredictable.

Thankfully we got ahead of many folks by completing a town pay class study just last year. Results of our comparison to the statewide salary survey in both actual salaries and grade scale of our classified town positions follow (see Figures 1-1 and 1-2). Conclusions:

- Grade scale. We were currently still competitive and in good shape (re: recruiting).
- Salaries. There was not a lot of *local* participation in the survey this year, but at least from the other local peer unit who reported (CG), we were still fairly well in line with the similarly lower actual salary levels within our immediate local area (re: retention).

<u>Locally</u> as of a few weeks ago, responses on proposed MA and Merit were 5% and 0:3%, respectively. NCLM survey results this past week were similar: proposed peers <u>statewide</u> 4.9% and 3.9%. Ideally, based on all the info we would shoot for ~4.2% and 4.5%. Recognizing how tight we are on the first budget draft already though, I prepared it at 4.0% and 0:4% availability projections to keep us as competitive as I could.

Figure 1-1. Salaries Review

**RESULTS - SALARY** 

<u>Position</u>	Position Code	<u>GQ</u> <u>Grade</u>	Granite Quarry	Comparable Municipalities Across NC	D	eviation
			GQ	Weighted	\$	%

					-0.60%	

## 1. Ad Valorem Taxes (FY23 draft prepared at the current tax rate of 0.4175)

- Projected FY22 EOY collections almost \$40k more than anticipated.
- Assessed tax base this year is \$282,592,374, which is an increase of:
  - \$11,979,841 in Real and Personal tax base over last year's assessed values; and
  - \$3,883,589 in Vehicle tax over last year's assessed values.

The illustrative estimated worth of \$0.01 on the tax rate is \$28,260.

#### 2. State shared distributions

<u>Local Option Sales Tax</u> (Articles 39-44 + hold harmless)

- Projected EOY estimate \$75k \$82k more than anticipated (not expected to continue at this rate)
- FY23 forecasts point more toward 3.75% above FY22 levels across sales tax articles.

<u>Utilities Franchise Taxes</u> (Electricity, Piped Natural Gas, Telecommunications, Video Franchise)

- Projected EOY slightly over anticipated (~\$5k)
- Overall FY23 distributions projected to be flat with FY22 levels

## 3. Restricted Intergovernmental

- Faith PD contribution. *Currently just FY22 placeholder amount shown until Faith responds*. Chief Cook is reviewing ratio proposals to see if there is a better/more accurate illustration as well.
- SRU. Reimbursement on 2016 extension loan runs through FY25.

#### 4. Sales and Services

Environmental Coll Fee. *Currently shown \$177,840 amount is a very rough estimate for now*. Aubrey continuing follow up with WM and SRU for their confirmation on service address v billing units audit.

#### 5. Other General Revenues

- Misc Revenue.
  - FY22 shows recent \$50k Rowan County FD stipend. See also FY23 FB Appropriated below.
  - FY23 est Rowan Municipal Association reimbursements for GQ's costs in hosting this term.
- Parks Misc. Mainly anticipated revenues from Granite Fest donations, booth rentals, etc.

## 6. Fund Balance Appropriated

<u>FY22</u> :	\$	57,795.00	Budgeted Powell Bill balance for FY22 capital streets project
		17,750.00	Parks & Rec Master Plan remainder amount reappropriated
		31,815.53	IDF grant closeout – local match adjustment
		7,418.88	Whitney Ct streetlight
		9,500.00	Fuel (PD 4,500, PWD 4,500, FD 500)
		7,000.00	PWD truck increase (NTE \$7k)
		12,888.00	FD Engines 571, 572 emergency repairs
		103,060.00	Backhoe (NTE \$105k)
FY23:	\$	50,000.00	FY22 Rowan Co FD stipend amt appropriated to FD Supplies & Equip
<del></del> -	7	50,000.00	1 122 Nowall co 12 superia anti appropriated to 12 supplies & Equip

#### 01-4110-00 Salaries

1. If BOA wants to amend to comparable weighted peer group average amounts (adjusted to the same overall average of GQ's classified positions), the effective annual increase would be \$6,370 (\$5,917 salaries and an additional \$453 in FICA).

<u>Position</u>	Position Code	Granite Quarry	Comparable Municipalities <u>Across NC</u>		Devia	tion
		GQ	Weighted		\$	%
		Actual	Average	De	eviation	Deviation
Mayor	10010	\$ 3,635	\$ 5,884	\$	(2,249)	-38%
Mayor Pro-Tem	10020	2,386	3,862	\$	(1,476)	-38%
Alderman	10030	2,269	3,547	\$	(1,278)	-36%
Town Manager	10040	90,000	104,005	\$	(14,005)	-13%
Town Clerk / HR	10080	52,699	58,913	\$	(6,214)	-11%
Office Assistant	20600	36,400	40,152	\$	(3,752)	-9%
Finance Officer	20050	57,972	55,540	\$	2,432	4%
Planner	20470		54,965	\$	(54,965)	
Police Chief	10170	70,402	77,438	\$	(7,036)	-9%
Police Investigator	30210	51,823	50,565	\$	1,258	2%
Police Sergeant	30270	45,020	48,535	\$	(3,515)	-7%
Police Officer	30260	42,663	42,856	\$	(193)	0%
Public Works Director	10210	58,922	71,127	\$	(12,205)	-17%
Public Works Crew Leader	20430	34,305	35,925	\$	(1,620)	-5%
Public Works Technician	20420	30,120	35,521	\$	(5,401)	-15%
Fire Supervisor (Capt/Lt)	30080	41,885	53,558	\$	(11,673)	-22%

average that GQ classified positions are over (below) weighted NC peer group average

Weighted NC peer group MAYOR salary decreased by same amount

Weighted NC peer group MAYOR PRO-TEM salary decreased by same amount

Weighted NC peer group ALDERMAN salary decreased by same amount

3,552

Weighted NC peer group ALDERMAN salary decreased by same amount

\$ 3,261

2. If BOA wants to adjust to the same 5% Market Adjustment amount recommended for classified positions, the effective annual increase would be \$692 (\$643 salaries and an additional \$50 in FICA):

Mayor	\$ 3,635	$\rightarrow$	\$ 3,816
Mayor Pro-Tem	2,386	$\rightarrow$	2,505
Alderman	2,269	$\rightarrow$	2,383

#### 01-4110-40 Dues & Subscriptions

From known and projected dues/fees. Rowan Municipal Association starts meeting again FY23. Mayor Barnhardt has been attending Chamber Power in Partnership breakfasts where formerly we were not being represented, so estimates projected are based on trending percentages so far (see next page):

	<u>F</u>	Y22	<u>F</u>	Y23	
<u>Organization</u>	Est	t EOY	<u>Proposed</u>		<u>Notes</u>
NCLM	\$	4,135	\$	4,200

Rowan Municipal Assn		0		240	RMA starts mtg again FY23
Chamber Power in Partnership		205		350	
Microsoft		294		325	

## 01-4110-60 Special Projects

```
$ 22,038 Civitan Agreement "banked fund" balance
2,400 Rowan Municipal Association (GQ hosts 2022-2024)

$ 24,438
+ 38,550 Easter Creek Economic Development Grant
$ 62,988 If wait and budget for FY23
```

1. Easter Creek Economic Dev Grant. We recommend paying this in FY22.

Chip reviewed this after last year's discussion. He feels a 3<sup>rd</sup> & final payment is indeed due upon invoice and is not contestable. Grant is based on our % equivalency of taxes paid. First 2 payments were \$38,597.72 ea. Invoice expected within the next month for last payment, which will be \$38,550.

(final, total amount of the 2016 Economic Dev Incentive Grant ends up being \$115,744.73)

If the Board agrees we should go ahead and pay this out of FY22:

Shelly and I will confirm everything and draft a budget amendment for the June meeting.

If not, we could budget for it in the FY23, increasing proposed Special Projects to \$62,988.

- 2. Civitan Agreement "banked fund" balance. Chip is finalizing the draft of a new Agreement as agreed upon in principle so far by both Town and Civitans. Proposal was to pay out existing balance the Town has been carrying since the 2010 Agreement.
- 3. Rowan Municipal Association. The RMA has not met over the past 2+ years due to COVID, so we secured updated pricing for catering and hosting based on best-estimated attendance from past trends and current expectations.

## Personnel budget

- FY21 low because a full payroll cycle (6/13/21-6/26/21) audit adjusted into FY22.
- FY22 reflects that additional pay period, plus pay class study implementation. \$13,500 originally budgeted in Regular Salaries for FT Planner position being substituted by contracted planning services ½-year and contracted code enforcement services this last ¼ of year in Professional Services.

<u>Staffing: Planner position</u>. The professional planner shortage has not improved. Even if a wave of qualified candidates were to emerge over the next year (which is *not* forecasted), it would take months at best for market demand to stabilize at the smaller, less-able-to-compete, jurisdiction level.

With the specific issues facing GQ, a professionally trained & experienced municipal planner is critical so we contracted with N Focus for up to 12hrs/week in planning services to help us handle highest priority needs. As to be expected, that is still not meeting our planning needs. I've run through options with N Focus and what we have is about the best we can get.

We have spent enormous time and effort advertising & recruiting for the FT Planner position over this FY22. Our best chance will continue to be from targeted networking, and recruiting for the right candidate into the FY23. So:

- FY23 Proposed personnel budget anticipates:
  - Continuing the current N Focus planning services contract as-is for FY23 Professional Services
  - Continuing the ACE code enforcement services contract as-is for FY23 Professional Services
  - Includes \$30,000 partial funding toward the FT Planner position in Regular Salaries.
    - o If a successful FT candidate is found, we can decrease and/or cancel N Focus to help fund.
    - o If we continue to need more services with no promise of FT candidates, we can likewise use the FT partial funding toward more hours (simply the most expensive/less recommended option).
  - Includes est \$1k for development of Substance Abuse Policy.

#### **Operations budget**

We meticulously decreased items wherever practical to help offset price increases elsewhere that are beyond our control.

#### **Debt Service**

2016 waterline extension loan gets paid off in FY23; loan's interest continues to be reimbursed thru FY25.

#### **Committees, Coop Agreements**

- CAC requested one-time boost for event signs they didn't feel they could work into regular budget.
- County Tax Collection agreement for the FY is 1.05% of Ad Valorem taxes the County collects for us; NCVTS (state collection fee for vehicle taxes) fluctuates based on amount of credit card fees, etc.

# 01-4310-00 Salaries: Unfreezing PD's 10th position.

In FY20 Chief Cook presented results of a manpower study conducted on the Dept and his subsequent justification for needing to add 2 additional Police Officer positions to both the GQ Board and Faith Board representatives. Ultimately both positions were needed and thus approved, bringing the Dept to a total of 10 full time positions: (1) Chief, (1) Investigator, (2) Sergeants, and (6) Police Officers.

That is the year that recruiting police officers just about became a pandemic all its own. The positions sat vacant for much of the year (we eventually filled one). Due to the market and the dire uncertainty of conditions amid the *literal* covid pandemic onset, we froze the second position for last two FYs.

Safety, community engagement, and high quality of life were high priorities in the Board's strategic planning this year. Administratively, Chief Cook and I have actively been working on community policing objectives (including better patrol visibility/availability). Unfreezing the 10<sup>th</sup> position is a direct strategy tool toward advancing these goals. An offset to funding the position again is that once filled, it will relieve the level of PT staffing need and thus decrease the PT Salaries budget.

#### 01-4310-00 - 01-4310-14: Personnel-related costs.

Our focused efforts over the past 3 years to reduce the former turnover and aid in recruiting/retaining qualified personnel in general have definitely helped. Chief Cook thinks he may already have a candidate interested if the 10<sup>th</sup> position unfreezes. We've planned only 10 months of position funding in the proposed budget (anticipating recruiting and processing time).

It is important to keep in mind for long-term planning that additional benefits legislated specifically to Law Enforcement Officers (LEO) can have large impacts on county and municipal budgets. For instance, NC law provides for a special annual Separation Allowance for LEOs who retire before the age of 62 that runs until the officer turns 62. We have 4 officers who are or will become eligible for retirement within the next few years. The effect of this benefit for just *one* officer can run ~\$12-21k per year. Four could run over \$60k per year. Figure PD-1 illustrates the budget with just one officer's separation allowance.

Figure PD-1.	Law Enf	forcement	Officer	Separation	Allowance
					22/24

		22/23	23/24	24/25	
Account No.	Description	with 10th position	Projected Est	Projected Est	Notes
01-4310-00	Salaries - Regular	\$494,750	\$524,680	\$545,667	See Dept overview staffing summary
01-4310-02	Salaries - Part-Time	5,000	5,000	5,000	See Dept overview staffing summary
01-4310-03	Salaries - Longevity	2,550	2,650	2,800	
01-4310-04	Separation Allowance - LEO			20,200	1 officer's scenario. Would run thru FY35.
01-4310-07	401K Expense	24,738	26,234	27,283	
01-4310-09	FICA Expense	38,426	40,723	42,340	
01-4310-10	Retirement Expense	64,848	68,764	71,520	
01-4310-11	Group Insurance	91,111	94,756	98,546	
01-4310-13	Unemployment Expense	0			
01-4310-14	Insurance - Workers Comp	10,278	10,483	10,693	
	Total Personnel	731,701	773,290	824,049	

This benefit is provided by law and is a standard operating expense for all local governments who provide law enforcement services. It is simply important to keep in mind moving forward since it will impact the overall budget significantly.

#### 01-4310-21 Uniforms.

Increase of \$1,400 for two bullet resistant vests that could not otherwise be worked into existing annual uniforms appropriation.

#### 01-4310-29 Supplies & Equipment.

Increase of \$1,300 to add one additional rifle for field deployment.

#### 01-4310-31 Training.

Increase of \$1,500 for adding Police One Training Academy Program through Lexipol.

#### 01-4310-54 Capital Outlay - Vehicles.

Chief Cook estimates \$48,300 total; \$50k budget based on previous Actuals & current market fluctuations.

#### 01-4310-55 Capital Outlay - Equipment.

Not all of these items would be capital expenditures, but it seemed clearest to categorize them all here for the purposes of illustration and additional Board consideration. If the Board agrees to move forward with them, then items under \$5k (i.e., not meeting the threshold for capitalization) would actually be budgeted in line item -29 (Supplies & Equipment). PD summary/justification of each:

#### **Tandem Axle Utility Trailer**

As we perform traffic-related functions (citations, community events) we collect points from the Governors Highway Safety Program. We are able to convert these points into funds and purchase items related to enhancing traffic safety. This year we 'purchased' 170 traffic cones for use by the department. Currently we do not have a functioning way to transport the cones from location to location. We are wanting to purchase a tandem axle trailer to carry and store the cones on for quick deployment and to also add more traffic-safety related items (such as Road Closed Signs, barricades, etc.). This not only will assist with traffic safety but will free up manpower by replacing traffic personnel (PD, FD or MD) with the cones/signage. (Cost not to exceed \$5,000)

### **Transition to 9mm Pistols**

Reasons: Replace several aging weapons in the department (currently have 1 non-functioning).

Ability to purchase ammo, and at a lower price.

To improve officer shooting skills to decrease civil liability.

When the new 9mm pistols are purchased, the current .40cals are traded in and offered to the officers for purchase, with a portion of the sales proceeds returned to the Town. The average return of sale to the Town per weapon is \$150 to \$200 each. This will off-set the total purchase by an estimated return close to \$1,350 or more.

#### Radar sign / traffic data collector

This has been mentioned several times over the past few years, and more so recently. This device can be used as a tool to help address community complaints, and also as data collector for policing and traffic studies. See flyer next page for more info on the device. (\$3,500 Cost)

# TC-400 Radar Speed Sign Spec Sheet

#### **Display and Radar Specifications**

#### **LED Display**

- 2 digits | 11" tall numbers for speed display, super bright amber LEDs
- > Speed digits easily readable speed digits up to 400 feet
- > Ideal for roads with traffic speeds of 5-55 mph
- Life up to 100,000 hours
- Laser cut flat black mask enhances visibility of LED display when illuminated | Ensures completely dark display when LEDs are off
- Automatic brightness adjustment to ambient light conditions

#### YOUR SPEED Faceplate

- > 24"W x 21"H YOUR SPEED faceplate with 3" high lettering
- > Manufactured with highest grade reflectivity backing
- > Available in white | yellow | fluorescent yellow/green | safety orange

#### Speed Violator Alerts

- Standard alert: SPEED (3 flash rate options)
- Optional Strobe alerts: red alert | blue alert | white alert (can simulate a camera flash) | alternating red/blue alert
- Speed display flash rates: MUTCD flash (approx. 55-60 fpm) | slow flash (approx. 90 fpm | fast flash (approx. 140 fpm)

#### Radar

- > Type: K Band, single direction Doppler radar | FCC part 15 compliant | No license required
- Sensor Range: Detects vehicles up to 1200 feet
- > Beam Width: 12 degrees, +/- 2 degrees
- Operating Frequency: 24.125 GHz, +/- 50 MHz
- > Accuracy: +/- 1.0 mph
- Speed Detection Range: 5-127 mph

#### Power Options / Battery Specifications

## TC-400 | Battery Power

- > Runs for +/- 2 weeks on two fully charged batteries | 10 hour recharge period
- > Field exchangeable batteries | weight 6 lbs. per battery
- > Batteries can be easily swapped in the field for the extended use of the sign in a location
- > Batteries have internal short circuit, over current, under and over voltage protection
- Battery Status: Check battery charge levels via Wi-Fi
- > Power Supply: Dual 12-volt, 20 amp/hour, Lithium Iron Phosphate (LiFePO4) batteries with 3A charger
- > Power Consumption: < 2.0 amps (20w) at maximum intensity | Idle mode < 1/2 watt

#### TC-400A | AC Power

- Operates 24/7 with AC power supply
- Power Supply: Hard wire to 100V-240V power supply
- Power Consumption: < 2.0 amps (20w) at maximum display intensity | Idle mode < 1/2 watt</li>
- Circuit Breaker: Multi-circuit,10 amp fuse
- For parking decks and indoor warehouse use

### Electronics

- All power inputs are fused and reverse polarity protected
- All circuit boards are conformally coated for extra protection
- Sign has automatic reset and watch-dog circuitry to return to normal operation without user intervention

#### <u>Interlocal Agreement / Calculation of Faith's payment amount.</u>

The Towns of Faith and GQ have an Interlocal Agreement for GQ's Police Department to provide police services to Faith. The original 2006 Agreement established a population ratio formula to calculate Faith's payment each year. See **Figure PD-2** for that illustration.

In 2006 the towns were moving toward creating a unique, separate policing "Authority" (joint agency) based on information and advice they had been given from somewhere at the state level (erroneously, as we finally determined since). One of the main problems with creating a unique structure is that there are no other examples in the state that have been tested or that you can go by.

The population formula has caused confusion and has been problematic for both towns over the years. Listening to the feedback since I've been here, it's clear that both towns expect and want the fee to be representative of the cost of services provided. A population ratio does not measure and is therefore not an accurate reflection of service cost at all.

The good news is that we finally confirmed that a "simple" Interlocal Agreement for GQ's PD to serve Faith is in fact completely sufficient for our police services. And while there is still no one-size-fits-all generic formula that we can just plug and play, there <u>are</u> at least examples of Interlocal Agreements in the state that give us some guidance on factors to consider and the best way to approach it.

Chief Cook has been breaking out our data and working on several formula models that he'll have wrapped up to go over with the Board at the 5/19/22 budget workshop.

#### Personnel budget

Our FD has done an excellent job maintaining staffing and coverage. It is not immune to the staffing challenges facing all FDs right now though. Chief Hord will explain the SAFER grant at the 5/19/22 budget workshop. The grant would create and partially help fund 6 additional Full Time Fire positions: (3) Fire Engineers, and (3) Firefighters. This would offset some by a decrease in the Part-Time budget, and the grant's partial funding over a 3-year period is illustrated below in **Figure FD-1**.

Figure FD-1. SAFER Grant Illustration

			SAFER	GRANT ILLUSTRA	TION
		22/23

	Total Personnel	454,090	397,539	503,014	618,615

#### **Operations budget**

We meticulously scrutinized the remainder of the budget again. Price increases on normal operational expenses kept us from being able to safely decrease current levels in most areas.

- -20 Fuel is still a wildcard (in all departments), but we've projected based on the current situation and forecasts that prices should decrease some around November if all other factors stay the same.
- -29 Supplies & Equipment was originally proposed at \$30k, with the vast majority of the increase due to a huge spike in the cost of turnout gear.
  - The \$50k Rowan County FD stipend we recently received was reappropriated in Revenues and shown here for the accompanying Expenditures.
- -35 Maintenance & Repair of Equipment reflects an additional \$4k for E572 and R57 intake relief valves that could not otherwise be worked into existing annual maintenance & repair appropriation.

#### **MAINTENANCE**

- -24 Maintenance & Repair of Buildings and Grounds includes repair of the front fence at the quarry property that both PWD and BOA identified as priorities for the upcoming year.
- -35 Maintenance and Repair of Equipment. Decreased from its normal FY21 \$10k level (FY22 had increased an additional \$7k for anticipated backhoe repairs that couldn't be worked into anticipated normal levels). Even though parts and repair costs are much higher now, upgrades and new equipment are expected to offset overall normal maint & repair costs.

#### **STREETS**

- -55 Capital Outlay Equipment includes a proposed snow plow for the F350 out of Powell Bill funds.
- -71 and -72 reflect the 2020 Capital streets project for which the Town took out a loan that runs through FY27.
- -99 Unappropriated Fund Balance reflects the prescribed budgeting for fund balance by policy #2020-09 that the Board adopted, which proactively builds a more sustainable balance of Powell Bill funds from which to pull for annual capital streets projects (preventative measure against multi-year loans for annual street maintenance requirements & needs).

#### **ENVIRONMENTAL**

- Intense service address audit to reconcile accountability of Waste Management unit counts and SRU Environmental Collection fees netted a number of previously unidentified anomalies.
- FY23's unit rate by WM increases by the CPI index for waste services (which luckily we had the foresight to negotiate cap at 3%/year).
- FY23's biggest wildcard factor is fuel in this contract as well. Fuel surcharges for the FY23 based on current trending could reach \$24k. Projecting fuel spike to level off some and possibly decrease after November, so we only factored in ~\$12,500 in surcharges for the year.

#### **PARKS**

- Includes continuation of normal maintenance levels and supplies.
- Adds camera and wireless system upgrades to Lake, Civic parks and Legion Building
- Reflects PERC's requested budget for 2023 Granite Fest (offset by sponsorships & donations in Revenues)

#### **CHART OF ACCOUNTS**

Account No.	Description	Explanation/Comments
00-19	Personnel	Personal Services / personnel-related costs
00-03	Salaries and wages	
	Salaries - Regular	Gross earnings of all full-time employees subject to FICA and retirement regulations
XX-XXXX-02	Salaries - Part-Time	Gross earnings of all temporary and part-time employees subject to FICA but not to retirement regulations
XX-XXXX-03	Salaries - Longevity	Gross earnings of longevity paid to eligible employees
04-08	Special payments	
XX-XXXX-07	401K Expense	Payments made by the unit to the supplemental retirement income plan for employees
09-17	' Fringe Benefits	
XX-XXXX-09	FICA Expense	Employer's share of Social Security (FICA) taxes on salaries and wages
XX-XXXX-10	Retirement Expense	Employer's share of contribution into Local Government Employee Retirement System (LGERS) fund for eligible employees
	Group Insurance	Employer's share of cost for health insurance and supplemental insurance for eligible employees, as well as prepaid HRA amounts
	Unemployment Expense	Employer's contribution for unemployment compensation on employees
XX-XXXX-14	•	Cost of workers' compensation insurance
XX-XXXX-17	Insurance - HRA/Admin Cost	3rd party administrative costs associated with the Town-paid HRA?
XX-XXXX-18	Professional Services	Retainer fees and expenses paid to professionals, not employees of the unit, for their special expertise
20-49	Operations	Normal annual operating costs, purchases, and expenditures
	Motor Vehicle Fuel	Fuel for Town-owned vehicles/equipment and off-road diesel fuel
XX-XXXX-20 XX-XXXX-21		Uniform items
	Banquet Expense	Cost of food and food-related provisions, including such special items as may be purchased for picnics and banquets
	Maint & Repair - Bldgs/Grounds	Supplies, materials, and purchases used to maintain buildings, grounds, and other pertinent structures
	Maint & Repair - Vehicles	Supplies, materials, and purchases used to maintain motor vehicles
	Office Expense	General office supplies and materials that are relatively consumable and of relatively low value
XX-XXXX-29	·	Other supplies and minor equipment purchases that do not meet the materiality threshold of capitalization
	Training & Schools	Costs associated with training, includes tuition, lodging and meals associated with training
	Telephone/Communications	Cost of communications, including telephone, internet, television, postage, and postage-related fees
XX-XXXX-33	Utilities	Heat, lights, power, water, and sewer expenses for public buildings/facilities, including street lights and traffic signals
XX-XXXX-34	Printing	Cost of printing and binding, including copier lease payments
XX-XXXX-35	Maint & Repair - Equipment	Supplies, materials, and purchases used to maintain equipment
XX-XXXX-37	Advertising	Advertising and publicity in newspapers, radio, video, magazines, and related items
XX-XXXX-39	Other Services	Maintenance and repairs of streets and highways (PB and non-PB, see "PB Expenditure Guidance")
XX-XXXX-40	•	Membership dues and costs associated with subscriptions
	Contracted Services	Service and maintenance contracts, agreements, or leases covering specific periods of time
XX-XXXX-45	Insurance - Prop, Liability, Bonds	Cost of insurance on property or against specific or general liabilities of the unit
		Canitalized outlaws in an amount of \$5,000 or more that result in the acquisition of additions to an improvements to fived accept with useful life of more than two
		Capitalized outlays in an amount of \$5,000 or more that result in the acquisition of, additions to, or improvements to fixed assets with useful life of more than two years. This includes improvements that increase the utility through increased capacity or serviceability, or extend its total estimated useful life. Maintenance and
50-59	Capital Outlay	repairs providing no additional value to the utility should <u>NOT</u> be capitalized.
	Cap Outlay - Vehicles	Acquisition of, or improvements to: motor vehicles and costs associated with preparation for service
	Cap Outlay - Equipment	Acquisition of, or improvements to: equipment costing \$5,000 or more, includes costs associated with preparation for service
	Cap Outlay - Land	Acquisition of, or improvements to: real property, including associated costs of acquisition and development (e.g., appraisal, surveying)
	Cap Outlay - Bldg/Infrastructure	Acquisition of, or improvements to: buildings, structures, or other town infrastructure / fixed assets (e.g., fences, streets, sidewalks, stormwater systems)
	,,,	
60-69		Contracts, Grants, Subsidies, and Allocations appropriated for aid to another government entity, or for a designated program or project.
90-99	Transfers/Aid to Other Programs	Interfund Transfers, Contingency, Fund Balance Appropriation.
XX-XXXX-60		Allocations for designated special programs or projects (e.g., Economic Dev Agreements, Interlocal Agreements, hosting Rowan Municipal Association)
	Grants - Grant Related Exp	Allocations for designated grants and grant projects (e.g., grant matches, grant administration)
XX-XXXX-62	Committees	Allocation of appropriations for expenses incurred associated with committees or their programs (4110-Revit, 4120-CAC, 6130-PERC)
XX-XXXX-63	Elections	Amounts allocated to Rowan County Board of Elections for municipal election service fees
XX-XXXX-68	Cooperative Agreements	Amounts paid to another unit of gov't as the Town's share of expenses for services rendered jointly by the units (4120-Tax Coll, 4710-Env Fee)
XX-XXXX-96	Interfund Transfer	Transfers between the fund(s) receiving resources to the fund(s) through which the resources are to be expended
XX-XXXX-97	Board Contingency	Amount of any contingency appropriated by the governing body. Amount cannot exceed 5% of the total of all other appropriations in the same fund [§159-13(b)(3)].
XX-XXXX-99	Unappropriated Fund Balance	Amount of any unappropriated, restricted Fund Balance budgeted to build capital reserves for future projects (4510-PB Streets)
<i>70-79</i>	Debt Service	Amounts paid for principal, interest, and service charges on funded debt owed by the Town.
XX-XXXX-71	Principal	Amounts paid for principal on funded debt owed by the Town

Amounts paid for interest on funded debt owed by the Town
