## 6. Town Manager's Update

Manager Smith reviewed highlights from items on his report in the agenda packet. Audit statements were passed out to each board member. Manager Smith gave kudos to Finance Officer Shockley for her continued progress on getting the town's finances in order. The audit report will be presented by the auditor at the December meeting. Manager Smith noted that in 2022 Granite Quarry would begin hosting the Rowan Municipal Association and asked the Board to think of speakers and programs they would like to be included in the upcoming meetings.

Manager Smith shared that the traffic signal at the town square was hit by a truck prompting the DOT to look at the intersection again. The DOT proposed placing a wooden pole with guy wires inside each of the town's four planters within the existing town easements. The DOT has \$25,000 to dedicate to the project. Manager Smith asked for feedback from Board. The consensus was to decline the current proposal and discuss options at the planning retreat.

Manager Smith also mentioned that fuel prices and the effect on the budget were being monitored. Chiefs are taking measures for fuel efficiency.

Manager Smith asked Chief Cook to come forward for introductions. Chief Cook officially introduced Officer Joshua Atkins who started in October of 2020. He also introduced Officer Matthew Osborne who recently started full time. Chief Cook also presented the plaque for Clyde Adams, the first appointed Chief of Police for Granite Quarry. The plaque will be placed in the lobby.

Manager Smith shared that the credit union has lifted its ban on grand openings and is looking at scheduling an event for January.

## Old Business

### 7. Ordinance 2021-18 Driveway Standards Text Amendment

Planner Blount presented an updated draft of the driveway standards text amendments that were first presented after a public hearing was held in October. The updated draft included the Planning Board's revisions. Board discussion included questions regarding curb cut and sidewalk maintenance responsibility. The Planning Board requested that maintenance of the sidewalks be handled by the town or DOT depending on who maintained the road.

**ACTION:** Alderman Cress made a motion to table this item until the December meeting. Alderman Shelton seconded the motion. The motion passed 4-0.

Planner Blount mentioned that unless he was given specific feedback, he would bring the current draft before the Board at the December meeting. Mayor Feather stated he believed the definition of curb cut should be clarified to state that the part of the curb in front of a house that a property owner cut to put in their driveway should be their responsibility. He further stated the driveway, as well as the sidewalk crossing the driveway, should be the property owner's responsibility but not the remainder of the curb or sidewalk.

## New Business

### 8. Longevity Pay

Longevity pay was earmarked and approved with the budget. This item was brought before the Board for approval of disbursement.

**ACTION:** Mayor Pro Tem Linker made a motion to approve Longevity Pay for the FY21-22. Alderman Shelton seconded the motion. The motion passed 4-0.

### 9. Board Discussion

#### SB300 Ordinance Updates

Planner Blount summarized the proposed changes necessary for compliance with SB300 and the reasoning behind the changes. Planner Blount and Police Chief Cook reviewed the ordinances to see which should continue to be charged as a misdemeanor. Planner Blount notified the Board that the item would be brought before them for a vote in December. He asked that any ideas for proposed changes be sent to him before that time. Though the effective date for the bill is December 1, 2021, both Planner Blount and Attorney Short felt that it shouldn't be an issue to review the ordinance updates at the December meeting since no misdemeanor charges have been made in recent history.

### 10. Board Discussion

#### CRMPO Administrative Services

Mayor Feather referenced the memo sent out by the Manager and gave background information. Alderman Shelton stated that the proposal was for the City of Concord to bring the administrative services in house. Mayor Feather asked that Board members let him know their opinions before the next MPO TAC meeting.

### 11. Proclamation

#### Veterans Day

Mayor Feather acknowledged the proclamation for Veterans Day.

### 12. Board Comments

- Alderman Cress commented on the signs for candidates for sheriff and the confusion they caused by being placed out more than a year before the election. Alderman Cress also asked for an update from Manager Smith on Granite Quarry Athletic Club's 30-day timeline for removal of anything they wanted to keep from the Faith Road property.
  - Manager Smith stated the insurance risk manager requested an additional sign and a trespass check for the property. Staff would prefer to have the dirt mounds leveled out before the winter. The Board will discuss use of the property at the strategic planning retreat.
  - Mayor Pro Tem Linker asked about utilizing or storing the split rail fence and information sign.
  - Consensus was to remove all items from the property and store or use as needed.

**Town of Granite Quarry**  
**Town Manager's Report**  
**December 2021**

1. **2022 / FY23 Planning and Budget Calendar. (Attached)**  
Staff has been busy behind the scenes getting organizational transition items checked off / lined up for the meeting and transition itself. There's already been some discussion about retreat(s), so I've updated and attached the annual proposed planning / budget calendar draft based on normal progression of planning & budgeting cycles as a starting point. I can modify it as needed as the Board discusses its 2022 meetings and gives feedback.
2. **Master Plans.** Staff is currently reviewing Comprehensive Land Use Plan and Downtown Master Plan for the Board's strategic planning review updates.
  - A. **Parks and Recreation Master Plan.** Consultant anticipates preliminary draft before end of year; review and proofing through January; February BOA meeting target date to present to the Board.
  - B. **NCDOT Bicycle & Pedestrian Master Plan.** Steering Committee reviewed and discussed preliminary draft materials from Kimley-Horn for sidewalk & bicycle facility recommendations. Next month's discussions will continue on priorities and the next community input opportunity.
3. **FEMA Lake Project.**
  - A. **Creek pipe easement.** Info to Town Attorney; he is reviewing to determine what else is needed.
  - B. **Closeout.** Continuing to follow up with engineers trying to close out the project. AWCK is still waiting on environmental certifications *they* need before they can finalize flood mapping.
4. **ARPA, legislation, etc.** This legislative session has now become the second-longest in history, and it's still not fully closed out. Staff and I continue to try and follow as many updates as time allows to: a) keep us in compliance (e.g., SB300 ordinance updates requirements); and b) keep up to speed as much as possible on the pieces relating to ARPA and its funding guidelines development.
5. **Committee Reports.**
  - A. MPO Technical Coordinating Committee. Did not meet in November (typically cancel December).
  - B. Community Appearance Commission. Discussed Christmas decorating contest and purchases for contest awards; CAC tent at Christmas at the Lake event and purchasing decorations for it.
  - C. Parks, Events, and Recreation Committee.
    - *Christmas at the Lake.* Finalized details for the 12/4/21 event.
      - Ended up with a total of 21 trees decorated, and 7 event vendors.
      - East Rowan High School Chorus, the Grinch, and the smores pit were especially big hits. As was Santa of course, who brought his own handouts for all the kids.
      - Hard to estimate a total attendance count, but parking was full, and Santa had 222 children visit according to the number of handouts (one / child).
    - *Volunteer / Staff Banquet.* Set date for 3/5/22 with a "western" theme for décor.

- D. Revitalization Team. Did not have a quorum with which to conduct a meeting. Members present (along with several staff members) attended the *Better Community & Economic Development Planning, Part 4: Redeveloping Suburbs and Commercial Corridors* training.
6. **Planner position.** We wish our current part-time planner Steve Blount the best as he begins a new chapter with Spencer next month, and thank him for all the hard work he's helped with here. We're continuing to advertise for the open full-time position, and staff and I are working out the details to keep our planning services covered in the meantime.
7. **Misc.**
- A. 2415 Faith Rd. Lot has been cleared; addressing issues & conflicts resolved.
  - B. Finance policies. Our NCLM consultant is reviewing our current & draft practices and policies; tentatively plans to be available to come discuss with Board at the January meeting.
  - C. PD vehicle. The rear-ended SUV has been appraised and sent to body shop for repair.
  - D. Lake Park. Electrical upgrade project completed in time for the Christmas at the Lake event; event and increased maintenance this year still generating very positive feedback.

Chapter 9 Parking

Section 9.6 Driveways

### **Sec. 9.6. - Driveways.**

~~These driveway requirements do not apply to single family detached and two family attached (duplex) residential uses. See Chapter 22, Article II for requirements for all new and existing driveways. All requirements stated in Chapter 22, Article II shall be enforceable as a part of the Town's Unified Development Ordinance as authorized by NC GS 160D.~~

Appendix A-Unified Development Ordinance

Chapter 10 Infrastructure

Section 10.1 Street Standards

### **Sub Section 10.1.9.4**

*Driveways.*

~~The number of street and driveway connections permitted serving a single property frontage or commercial development shall be the minimum deemed necessary by the Town or NCDOT for reasonable service to the property without undue impairment of safety, convenience, and utility of the roadway. Normally, not more than two (2) driveways shall be permitted for any single property frontage. The arrangement of driveways should be related to adjacent driveways and nearby street intersections and meet the following criteria:~~

~~1. Commercial drives leading to a site in the Commercial or Industrial districts must include vertical curb and gutter as stated in 10.1.5.~~

~~2. Residential drives shall be located a minimum of 10 feet from the point of tangency of curb radii of street intersections.~~

~~3. Driveways serving streets with traffic volumes in excess of 300 ADT or accessing thoroughfares shall be located a minimum of 250 feet from the point of tangency of the radius of curvature of the intersecting street.~~

~~4. Where two (2) driveways are proposed along a single property frontage to facilitate operations, the minimum distance between the centerlines of the drives shall be 200 feet.~~

~~5. The minimum distance between the centerlines of driveways into shopping centers or facilities generating in excess of 300 ADT shall be a minimum of 400 feet.~~

~~6. Full access driveways open to signalization should be 1000 feet apart. Driveways which access thoroughfares and serve more than 1500 ADT shall provide deceleration lanes in approach to the driveway.~~

See Chapter 22, Article II for requirements for all new and existing driveways.

## **Chapter 22- Streets, Sidewalks, and Other Public Places**

### **Article II-Driveways**

#### **Sec. 22-25. - Construction specifications.**

The construction of driveways shall be according to town specifications as follows:

##### **A. General**

- a. It shall be unlawful for any person to break out or cut any street curb for the purpose of constructing a driveway entrance to any property or to construct any driveway across the grass planting strip or sidewalk where curbs do not exist without first obtaining a permit from the Town's Planning Department. A separate permit will not be required where driveway curb cuts are built as a part of a new or reconstructed street.
- b. Plans for curb cuts for new driveways including approach aprons, sidewalks, driveways and parking areas will be approved by the Town's Public Works Director who will also inspect; 1) curb cut, excavation and forming, and 2) the final installation.
- c. No driveway shall be permitted to be closer than 5 feet to an adjacent property line. No driveway for a corner lot shall be permitted within 15 feet of the intersecting right-of-way lines.
- d. No driveway shall be permitted so to interfere with a sidewalk intersection, traffic signal, street light standard or support, fire hydrant or water meter.
- e. Driveways shall be constructed so as to prevent stormwater from flowing down from the street onto the driveway. This shall be accomplished by sloping the approach apron (entrance) or driveway itself up from its connection to the road surface, maintaining a valley at the road connection point. Installation shall meet or exceed NCDOT suggested standards as shown in their diagrams 848.02 or 848.03.
- f. Drainage ditches along roads will be piped under the driveway with a concrete pipe of adequate size to carry the water flow as determined by the Town's Public

Works Director but not less than 15 inches in diameter. Pipe should be installed as per NCDOT standards and approved by the Town's Public Works Director.

- g. Driveways connecting to State maintained roads shall be installed per NCDOT driveway standards and shall be permitted by NCDOT if required by them.
- h. Street pavement, curb and gutters, and sidewalks disturbed during the installation of driveways shall be repaired to like-new condition by the contractor or property owner.
- i. Driveway approach apron shall follow NCDOT Standard Drawing for driveway turnout and built in accordance with NCDOT Standard Specifications Section 848, constructed of poured concrete at least 6 inches thick on a stone base and be at least 24 inches wide or wide enough to connect to new or existing, future, or new sidewalks, whichever is greater. When connected to an existing 4-inch thick sidewalk, that sidewalk shall be replaced with a new 6-inch thick, 3,000 PSI concrete sidewalk at least 5 feet wide (or wider if needed to match existing sidewalks).
- j. When a driveway is relocated on a property, the unused portion of the existing curb cut will be replaced by the property owner. When an existing curb cut or driveway entrance is altered or repaired, it shall be made to conform to all dimensional requirements of this section.
- k. Maintenance responsibility for all driveways including associated curb cuts, aprons, and sidewalks, will rest with the property owner if built outside the public right-of-way and/or are not accepted by the Town into its road maintenance system. After notification of needed repairs or maintenance, if not repaired within 60 days the Town will undertake needed repairs and bill the property owner for this work. If not paid, the Town will use all legal means to collect the outstanding bill including filling a lien on the property. Maintenance responsibility for all curb cuts, approach aprons, sidewalks, culvert pipes, etc. installed per Town standards, in the Town right-of-way, and accepted into the Town's road maintenance system shall become the Town's responsibility unless damage is due to obvious neglect or misuse by the property owner.
- l. Water meters shall not be located in the driveway or apron unless approved by Salisbury Rowan Utilities (SRU).

#### B. Residential Driveways

- a. Driveways shall be no less than 12 feet wide and no greater than 20 feet wide.
- b. Residential properties shall have no more than two driveway entrances on one street. **For safety purposes, driveways for corner lots shall access the less traveled of the two intersecting roads.**
- c. Driveways shall be paved with 6" thick concrete from the apron or sidewalk to the extent of the road right-of-way. Driveway material from that point on may be constructed of standard paving materials including:
  - i. 6-inch thick 3,000 psi poured concrete over a 4" compacted stone base or,
  - ii. Pressure compacted 4-inch thick asphalt over a 6" compacted stone base or,
  - iii. Brick pavers over sand on a compacted soil base or,
  - iv. Pervious tiles installed per manufacturer's directions or,
  - v. Decorative rock laid over compacted stone base or,

vi. Gravel or other stone materials designed to accommodate anticipated traffic loads and prevent dirt from being tracked onto the public road. Other paving materials (i.e., gravel, etc.) as might be approved by the Town's Public Works Director

d. Driveway shall be installed per industry standards and manufacturer's instructions. Settable materials such as concrete shall be installed using removable forms (excavated dirt edge shall not be used as the form) and after forms are removed, dirt backfill shall be used to bring the adjacent lawn area up to the driveway top elevation. Non-settable materials shall be installed with an edging material (landscape timbers, metal edging, poured concrete edging, etc.) to prevent future erosion of the paving material.

### C. Commercial Driveways

a. Commercial driveways shall be no less than 25 feet wide and no greater than 35 feet wide. Wider driveways may be approved during the site plan review process.

b. Commercial properties shall have no more than two driveway entrances on each street. Corner lots may have 2 driveway entrances on each street.

c. Driveways shall be paved with 6" thick concrete from the apron or sidewalk to the extent of the road right-of-way. Driveway material from that point on may be constructed of standard paving materials including Driveway material shall be a minimum of:

i. 6-inch thick 3,000 psi poured concrete over a 4" compacted stone base or,

ii. Pressure compacted 4-inch thick asphalt over a 6" compacted stone base or,

iii. Other paving materials designed to accommodate the anticipated traffic load and prevent dirt from being tracked onto the public road. as might be approved by the Town's Public Works Director

iv. Public Works Director may require Thicker pavement may be required during site plan review process if high truck traffic volume is expected.

d. Driveway shall be installed per industry standards and manufacturer's instructions.

### D. Industrial Driveways

a. Driveways shall be no less than 35 feet wide and no greater than 50 feet wide. Wider driveways may be approved during the site plan review process.

b. Industrial properties shall have no more than two driveway entrances on one street.

c. Driveways shall be paved with 6" thick concrete from the apron or sidewalk to the extent of the road right-of-way. Driveway material from that point on may be constructed of standard paving materials including Driveway material shall be a minimum of:

i. 6-inch thick 3,000 psi poured concrete over a 4" compacted stone base or,

ii. Other paving materials designed to accommodate the anticipated traffic load and prevent dirt from being tracked onto the public road. Other paving materials as might be approved by the Town's Public Works Director

iii. Public Works Director may require Thicker pavement may be required during site plan review process if high truck traffic volume is expected.

d. ~~Driveway shall be installed per industry standards and manufacturer's instructions.~~

~~E. Variances~~

a. ~~Dimensional requirements of this section can be altered by the issuance of a variance by the Town's Board of Adjustment when their strict enforcement would cause undue hardship on the property owner or make the intended use of the property impossible. Variances may not be issued merely as a matter of cost savings.~~

(Code 2003, § 15-51)

~~Sec. 22-26. -Permit required~~

~~It shall be unlawful for any person to break out any street curb for the purpose of constructing a driveway entrance, or to construct any driveway across the grass plot or sidewalk, without first obtaining a written permit from the public works department.~~

(Code 2003, § 15-52)

~~Sec. 22-27. -Supervision of work.~~

~~Any and all work performed under the provisions of this article shall be done under the supervision of the public works department.~~

(Code 2003, § 15-53)

~~Sec. 22-28. -Paving generally.~~

~~All driveway entrances constructed or reconstructed upon the street rights-of-way of the town shall be paved in the manner described in this article.~~

(Code 2003, § 15-54)

~~Sec. 22-29. - Proximity to intersections, hydrants, etc.~~

~~No driveway entrance shall be permitted to intersect the radius of any street corner or be so located that it interferes with intersection sidewalks (or no closer than 25 feet to the intersection of right-of-way line, whichever is greater), traffic signals, lamp standards, fire hydrants or other public improvements unless specific approval is obtained from the public works department and necessary adjustments to public improvements or installations are accomplished without cost to the town., and in accordance with [section 22-32\(g\)](#).~~

(Code 2003, § 15-55)

~~Sec. 22-30. - Minimum size of serviced area.~~

~~The area to which a driveway provides access shall be sufficiently large to store vehicles using the driveway completely off the right-of-way and shall be of sufficient size to allow the functions related thereto to be carried out completely on the private property.~~

(Code 2003, § 15-56)

~~Sec. 22-31. - Side clearance.~~

~~All portions of the driveway including the returns shall be between the property lines of the property served and shall not encroach on adjoining properties.~~

(Code 2003, § 15-57; Ord. of 8-7-2006)

~~Sec. 22-32. - Number, width of openings.~~

~~(a) Residential generally. The width of residential driveway entrances shall be limited to 20 feet each as measured along the curblines with not more than two such entrances to the same property. When two entrances are constructed to serve the same residence, there shall be a minimum distance of 25 feet of curb allowed to remain between the driveway entrances measured along the curblines.~~

(b) *Duplex (two family)*. The width of a driveway entrance shall be limited to 20 feet each as measured along the curbline when two entrances are made to the same property, provided there shall be a minimum distance of 25 feet of curbline allowed to remain between the driveways. The width of a single driveway entrance to serve a duplex shall be limited to 24 feet. There shall be no more than two entrances to the same property.

(c) *Multifamily*. When driveway entrances are constructed to serve apartment houses, such entrances may be 24 feet in width measured at the curbline with not more than two such entrances to the same property from the same street. When two driveway entrances are constructed, there shall be at least 25 feet between driveway entrances measured at the curbline.

(d) *Joint driveways*. The width of a joint driveway, as may be authorized by the zoning department, serving two adjacent pieces of property shall be limited to 24 feet along the curbline, provided no other means of driveway access is reasonably available and the permit for such driveway is signed by the then owner of the adjacent property. There shall be no more than one joint driveway for each two adjacent pieces of general residential property and no more than two joint driveways for each two adjacent pieces of duplex or multifamily residential property.

(e) *Business*. Driveway entrances and exits, either or both, constructed to serve business property shall not exceed 35 feet in width and not more than two such curb openings shall be permitted from the same street to serve any business or combined group of businesses such as shopping centers. When two openings are constructed, there shall be a minimum distance of five feet of curb allowed to remain between the driveway entrances.

(f) *Industrial*. Curb openings made to provide entrances or exits to industrial plants may be 50 feet in width with not more than one such entrance to the same property; except, that the zoning department may approve, without the concurrence of the board of aldermen, a second entrance when it deems such is in the public interest to facilitate ingress and egress to the property. When two or more such industrial driveway entrances are constructed, there shall be a minimum of 50 feet between such entrances as measured at the curbline.

(g) *Corner lots*. Property having frontage on two intersecting streets within 100 feet of the intersection of such streets shall have access only from the minor or less intensively used street except as may be authorized under [section 22-43](#), and in accordance with [section 22-29](#).

(Code 2003, § 15-58)

Editor's note—Refer to the Unified Development Ordinance, contained in Appendix A to this Code, for standards regarding number and width of openings.

~~Sec. 22-33. -Relocation, alteration or driveway approaches—Permit required; limitation.~~

~~Existing driveway approaches shall not be relocated, altered or reconstructed without a permit approving such relocation, alteration or reconstruction. Such driveway approaches when so relocated, altered or reconstructed shall be subject to the limitations set forth in sections [22-33](#) through [22-36](#).~~

~~(Code 2003, § 15-59)~~

~~Sec. 22-34. - Relocation, alteration or driveway approaches—Replacement of curbs.~~

~~When the use of any driveway approach is changed making any portion or all of any driveway approach unnecessary in the opinion of the zoning department, the owner of the abutting property shall, at his own expense, replace all necessary curbs, gutters and sidewalks within 60 days after written notice from the zoning officer.~~

~~(Code 2003, § 15-60)~~

~~Sec. 22-35. -Relocation, alteration or driveway approaches—Reconstruction by abutting property owner.~~

~~When an existing building or structure is served by a driveway approach (not conforming to the provisions of this article) which is demolished, repaired or altered, the owner of the abutting property shall, at his own expense, reconstruct the driveway approach so as to conform to the provisions of sections [22-33](#) through [22-36](#).~~

~~(Code 2003, § 15-61)~~

~~Sec. 22-36. - Driveway approaches; conformance to town standards.~~

~~All work done in the construction of driveway approaches shall conform to town standards for concrete sidewalk and driveway approaches as established in this chapter or by the zoning department. The maintenance department will inspect all such work.~~

~~(Code 2003, § 15-62)~~

~~Sec. 22-37. - Thickness of pavements.~~

~~The thickness of pavement shall not be less than six inches including a top surface of not less than one inch of asphaltic concrete and the stone base.~~

~~(Code 2003, § 15-63)~~

~~Sec. 22-38. - Replacement of existing sidewalks.~~

~~When any driveway entrance is constructed or reconstructed, any existing four inch sidewalk shall be replaced with concrete specifications of 3,000 PSI or of not less than six inches in thickness where the driveway crosses the sidewalk. The pedestrian walk shall be indicated by false cracks or lines in the pavement. The newly constructed section of sidewalk shall be at an elevation or grade approved by the maintenance department.~~

~~(Code 2003, § 15-64)~~

~~Sec. 22-39. - Materials for construction of residential driveways.~~

~~Paving materials used shall be of cement with specifications of 3,000 PSI or asphaltic concrete with a thickness of at least six inches.~~

~~(Code 2003, § 15-65)~~

~~Sec. 22-40. - Property owner's responsibility for maintenance and repairs.~~

~~Responsibility for maintenance and repairs to new and existing driveway entrances or exits shall rest with the property owner. Upon receipt of a notice to repair damaged pavement, the property owner shall make the necessary repairs within 60 days in accordance with the requirements set forth in this article. If the required repairs and/or maintenance are not completed within the time specified, the maintenance department will complete the necessary repairs and/or maintenance and the owner will be responsible for reimbursing the town. Failure to do so within the specified time will result in a lien being placed upon the property.~~

~~(Code 2003, § 15-66)~~

~~Sec. 22-41. - Driveways from state highway streets.~~

~~Where the property is to be served by a driveway opening into a state highway street, a permit as required by the state highway commission manual on driveway entrance regulations shall be first submitted to the planning department for its review and approval. The requirements of this article or those of the manual on driveway entrance regulations, whichever is greater, shall be the minimum standards for development.~~

~~(Code 2003, § 15-67)~~

~~Sec. 22-42. - Responsibility for damages; use of barricades, lights.~~

~~The property owner shall be responsible for removing all debris and surplus materials upon completion of the work and shall maintain the premises in a safe manner, providing adequate barricades and lights at his own expense to protect the safety of the public using adjacent street or sidewalks and shall hold the town free and harmless from all damages for any liability incurred.~~

~~(Code 2003, § 15-68)~~

~~Sec. 22-43. - Variances.~~

~~The zoning board of adjustment may grant variance from the standards of this article.~~

~~(Code 2003, § 15-69)~~

Sections 22-26 through 22-28 and 22-30 through 22-43 shall be reserved.

**ORDINANCE NO. 2021-18**

**AN ORDINANCE AMENDING TEXT OF THE TOWN OF GRANITE QUARRY'S  
CODE OF ORDINANCES AND UNIFIED DEVELOPMENT ORDINANCE**

**BE IT ORDAINED BY THE BOARD OF ALDERMEN OF THE TOWN OF GRANITE  
QUARRY:**

**Section 1. That Appendix A-Unified Development Ordinance, Chapter 9 Parking, Section  
9.6 Driveways is hereby amended as follows:**

**Sec. 9.6. - Driveways.**

See Chapter 22, Article II for requirements for all new and existing driveways. All requirements stated in Chapter 22, Article II shall be enforceable as a part the Town's unified Development Ordinance as authorized by NCGS 160D.

**Section 2. That Appendix A-Unified Development Ordinance, Chapter 10 Infrastructure,  
Section 10.1 Street Standards is hereby amended as follows:**

10.1.9.4 Driveways.

Delete all existing text.

Add "See Chapter 22, Article II for requirements for all new and existing driveways."

**Section 3. That Chapter 22- Streets, Sidewalks, and Other Public Places; Article II-  
Driveways is hereby amended as follows:**

**Sec. 22-25. - Construction specifications.**

The construction of driveways shall be according to town specifications as follows:

A. General

- a. It shall be unlawful for any person to break out or cut any street curb for the purpose of constructing a driveway entrance to any property or to construct any driveway across the grass planting strip or sidewalk where curbs do not exist without first obtaining a permit from the Town's Planning Department. A separate permit will not be required where driveway curb cuts are built as a part of a new or reconstructed street.
- b. Plans for curb cuts for new driveways including approach aprons, sidewalks, driveways and parking areas will be approved by the Town's Public Works Director who will also inspect; 1) curb cut, excavation and forming, and 2) the final installation.
- c. No driveway shall be permitted to be closer than 5 feet to an adjacent property line. No driveway for a corner lot shall be permitted within 15 feet of the intersecting right-of-way lines.

- d. No driveway shall be permitted so to interfere with a sidewalk intersection, traffic signal, street light standard or support, fire hydrant or water meter.
- e. Driveways shall be constructed so as to prevent stormwater from flowing down from the street onto the driveway. This shall be accomplished by sloping the approach apron (entrance) or driveway itself up from its connection to the road surface, maintaining a valley at the road connection point. Installation shall meet or exceed NCDOT suggested standards as shown in their diagrams 848.02 or 848.03.
- f. Drainage ditches along roads will be piped under the driveway with a concrete pipe of adequate size to carry the water flow as determined by the Town's Public Works Director but not less than 15 inches in diameter. Pipe should be installed as per NCDOT standards and approved by the Town's Public Works Director.
- g. Driveways connecting to State maintained roads shall be installed per NCDOT driveway standards and shall be permitted by NCDOT if required by them.
- h. Street pavement, curb and gutters, and sidewalks disturbed during the installation of driveways shall be repaired to like-new condition by the contractor or property owner.
- i. Driveway approach apron shall follow NCDOT Standard Drawing for driveway turnout and built in accordance with NCDOT Standard Specifications Section 848. When connected to an existing 4-inch thick sidewalk, that sidewalk shall be replaced with a new 6-inch thick, 3,000 PSI concrete sidewalk at least 5 feet wide (or wider if needed to match existing sidewalks).
- j. When a driveway is relocated on a property, the unused portion of the existing curb cut will be replaced by the property owner. When an existing curb cut or driveway entrance is altered or repaired, it shall be made to conform to all dimensional requirements of this section.
- k. Maintenance responsibility for all driveways including associated curb cuts, aprons, and sidewalks, will rest with the property owner if built outside the public right-of-way and/or are not accepted by the Town into its road maintenance system. After notification of needed repairs or maintenance, if not repaired within 60 days the Town will undertake needed repairs and bill the property owner for this work. If not paid, the Town will use all legal means to collect the outstanding bill including filling a lien on the property. Maintenance responsibility for all curb cuts, approach aprons, sidewalks, culvert pipes, etc. installed per Town standards, in the Town right-of-way, and accepted into the Town's road maintenance system shall become the Town's responsibility unless damage is due to obvious neglect or misuse by the property owner.
- l. Water meters shall not be located in the driveway or apron unless approved by Salisbury Rowan Utilities (SRU).

## B. Residential Driveways

- a. Driveways shall be no less than 12 feet wide and no greater than 20 feet wide.

- b. Residential properties shall have no more than two driveway entrances on one street. **For safety purposes, driveways for corner lots shall access the less traveled of the two intersecting roads.**
- c. Driveways shall be paved with 6” thick concrete from the apron or sidewalk to the extent of the road right-of-way. Driveway material from that point on may be constructed of standard paving materials including:
  - i. 6-inch thick 3,000 psi poured concrete or,
  - ii. Pressure compacted 4-inch thick asphalt over a 6” compacted stone base or,
  - iii. Brick pavers over sand on a compacted soil base or,
  - iv. Pervious tiles installed per manufacturer’s directions or,
  - v. Decorative rock laid over compacted stone base or,
  - vi. Gravel or other stone materials designed to accommodate anticipated traffic loads and prevent dirt from being tracked onto the public road.

#### C. Commercial Driveways

- a. Commercial driveways shall be no less than 25 feet wide and no greater than 35 feet wide. Wider driveways may be approved during the site plan review process.
- b. Commercial properties shall have no more than two driveway entrances on each street. Corner lots may have 2 driveway entrances on each street.
- c. Driveways shall be paved with 6” thick concrete from the apron or sidewalk to the extent of the road right-of-way. Driveway material from that point on may be constructed of standard paving materials including:
  - i. 6-inch thick 3,000 psi poured concrete or,
  - ii. Pressure compacted 4-inch thick asphalt over a 6” compacted stone base or,
  - iii. Other paving materials designed to accommodate the anticipated traffic load and prevent dirt from being tracked onto the public road.
  - iv. Thicker pavement may be required during site plan review process if high truck traffic volume is expected.

#### D. Industrial Driveways

- a. Driveways shall be no less than 35 feet wide and no greater than 50 feet wide. Wider driveways may be approved during the site plan review process.
- b. Industrial properties shall have no more than two driveway entrances on one street.
- c. Driveways shall be paved with 6” thick concrete from the apron or sidewalk to the extent of the road right-of-way. Driveway material from that point on may be constructed of standard paving materials including:
  - i. 6-inch thick 3,000 psi poured concrete over a 4” compacted stone base or,
  - ii. Other paving materials designed to accommodate the anticipated traffic load and prevent dirt from being tracked onto the public road.

- iii. Thicker pavement may be required during site plan review if high truck traffic volume is expected.

E. Variances

- a. Dimensional requirements of this section can be altered by the issuance of a variance by the Town's Board of Adjustment when their strict enforcement would cause undue hardship on the property owner or make the intended use of the property impossible. Variances may not be issued merely as a matter of cost savings.

**Subject:** Cabarrus Rowan MPO TCC/TAC 2022 Representatives

Mr. Larry Smith, Town Manager  
Town of Granite Quarry  
P. O. Box 351  
Granite Quarry, North Carolina 28072

**SUBJECT: 2022 Appointments to the Transportation Advisory Committee (TAC) and the Technical Coordinating Committee (TCC) of the Cabarrus-Rowan Urban Area Metropolitan Planning Organization (CRMPO)**

Dear Mr. Smith,

Each year the North Carolina Department of Transportation (NCDOT) requires the MPO to supply a list of current TAC and TCC representatives along with their alternates. At present, Alderman Bill Feather is serving as the appointed member and Alderman Doug Shelton is serving as the alternate representative for the Town of Granite Quarry on the TAC. Currently Mr. Jason Hord is the TCC representative and you are the alternate to serve on behalf of the Town. Please notify the MPO as to who will serve in 2022 as your designated appointees to the TAC (elected officials only), as well as the TCC (staff) appointee and alternate. The TAC and TCC appointees must be available to attend regular monthly meetings and to participate on regional transportation planning committees. Attendance at the meetings is critical to the success of our planning efforts and to bring information back to their respective communities. A schedule of the meetings will be sent to your designated representative.

As the current TAC members are aware, there is a requirement to serve as a member or alternate of the TAC. TAC members are subject to provisions of the NC State Government Ethics Act, Chapter 138A of the NC General Statutes. There are two specific requirements: 1) State of Economic Interest (SEI) application, and 2) Real Estate Disclosure Form. Current MPO TAC members and their alternate must electronically file their SEI and Real Estate Disclosure Form annually by April 15<sup>th</sup>. This information can be found at <http://www.ethicscommission.nc.gov/sei>. Go to Statement of Economic Interest and click on MPO/RPO filers. Please alert your TAC representatives of this requirement when making your selections.

Please provide current contact information for your selected individuals to include mailing address, telephone number, fax number and e-mail address to Connie Cunningham at the CRMPO office by January 1, 2022. You may email your information to [ccunningham@mblsolution.com](mailto:ccunningham@mblsolution.com) or mail to Connie Cunningham, Cabarrus Rowan MPO, 713 Sternbridge Drive, Concord, NC 28025.

Thank you for your attention to this matter.

Sincerely,

*Phil Conrad*

**Subject:** 2022 Centralina Delegate & Alternate Appointments  
**Attachments:** Meet the 2021 Board of Delegates.pdf; Centralina Delegate Role.pdf; 2022 Centralina Board Meeting Schedule.pdf

Good afternoon,

As we near the end of 2021 and look ahead to 2022, we'd like to provide you with the attached information as your councils and boards make their Centralina Regional Council Delegate and Alternate appointments for the new year:

- 2021 list of Centralina Delegates
- Centralina Delegate Role Description
- 2022 Centralina Board Meeting Schedule

For the Delegate and Alternate roles, we encourage you to consider elected officials who have:

- An interest in regional collaboration
- An interest in federal and state advocacy
- An interest in Centralina's focus areas, including:
  - Seniors and health
  - Workforce development
  - Transportation and mobility
  - Community and economic development
  - Natural resources and resilience
- An interest in networking and engaging with other elected officials across the region
- The time and capacity to attend Centralina Board meetings and report back to their councils/boards

Regular attendance at the Board meetings is critical to ensuring that we have the quorum needed to conduct Centralina business. Additionally, because we use the meetings to discuss issues impacting local communities, we want to ensure that the voices of all our member governments are represented in these conversations.

Once the appointments have been made, please contact me at [kweston@centralina.org](mailto:kweston@centralina.org) to provide us with the names and contact info for your Delegates and Alternates so we can send them meeting notices and other board information.

**Notification before January 5<sup>th</sup> would be greatly appreciated.**

Please let us know if you have any questions.

Thank you,

**Kelly Weston, MPA**

# Centralina Board of Delegates

## Board of Delegates Key Facts & Responsibilities

- **Who?** Each member government appoints an elected official to serve on the Board of Delegates and another elected official to serve as an Alternate to attend meetings in the Delegate's absence.
- **Why?** The Board of Delegates is the governing and decision-making body for Centralina. The Board approves the organization's policies, budget, and goals.
- **When?** The Board of Delegates meets four times per year in February, May, August, and October.
- **Leadership:** The Board of Delegates elects officers from the Board's membership to serve as Chair, Vice Chair, Secretary, and Treasurer. The Board of Delegates also appoints members to serve on the Executive Board. These appointments are made at the February meeting.
- **Subcommittees:** The current subcommittees of the Board are the Finance Committee and the Strategic Plan Subcommittee.

## Delegate Roles and Expectations

When selecting a Delegate and Alternate, member governments are encouraged to consider the following roles and expectations. Please also identify potential scheduling conflicts that may prevent elected officials from regularly attending Board of Delegates meetings.

- **Decision Maker:** Approve an annual budget, member dues assessment, Bylaws amendments, federal action agenda and state engagement plan;
- **Advisor:** Identify opportunities for the region to work together more effectively, efficiently, and affordably;
- **Connector:** Serve as the communication link to the member government on Centralina issues and services;
- **Champion:** Communicate the value of Centralina and regional cooperation; and
- **Representative:** Serve on Standing or Ad Hoc committees, or if appointed, on the Executive Board to provide additional guidance and direction for Centralina activities.

## 2022 Centralina Board of Delegates Meeting Schedule

**What to Expect?** Meetings are held to accomplish the organization's key business, including decision-making and discussing issues of regional importance. The Board of Delegates is often asked to provide input on critical business items, making it essential that each member government is represented at these meetings. Without a quorum, the Board cannot take official actions.

*Meetings will be held at 5:00 p.m. on the following dates. Due to COVID-19, the February 9<sup>th</sup> meeting will be held via Zoom. The Board will resume in-person meetings beginning with the May 11<sup>th</sup> meeting with a virtual attendance option available for Delegates who need to attend remotely.*

- Wednesday, February 9, 2022
- Wednesday, May 11, 2022
- Wednesday, August 10, 2022
- Wednesday, October 12, 2022

**Expense Reimbursement**

Centralina reimburses Delegates, or in their absence, an Alternate, for travel expenses for attending regular and special meetings of the Board of Delegates, the Executive Board, or their committees. The amount of the reimbursement is based on the roundtrip mileage from the Delegate's government center to the meeting location. The reimbursement is calculated using the standard mileage rate published by the Internal Revenue Service. Alternatively, Delegates can donate their mileage reimbursement to the Centralina Foundation, which is an affiliated 501(c)(3) non-profit organization which supports activities and initiatives of regional collaboration.

RE: SB300- Decriminalization of Local Ordinances- part 1

Narrative:

Part of Senate Bill SB300 that has been signed into law, attempts to reduce the load on the criminal court system by decriminalizing local ordinances. What this means is that local ordinances will be handled by citation with a set penalty attached. Inability to collect due to failure to pay the citation would require the Town to file a civil action to collect just like any other past due bill. While the bill allows some parts of our Code of Ordinance to retain their criminal status, it specifically does not allow development ordinances to be handled as criminal actions. This change should have little practical impact on Granite Quarry as to my knowledge, the town has never used a criminal action, preferring abatement (i.e., we mow someone's grass after they refuse to mow it themselves) which is followed by the property owner being billed for the cost of the work and then by a lien being filed against the property to force eventual payment. Other options include a judicial injunction, stop work orders, and civil citation as allowed by Chapter 15 of the Unified Development Ordinance (UDO).

The following is a suggested text amendment to remove the criminal action option from Appendix A, Chapter 15, Section 15.4 of the Town's UDO:

(yellow text added, ~~strikethrough~~ text deleted)

**Sec. 15.4. - Penalties.**

A. Nothing in this Ordinance, nor shall enforcement of one remedy provided herein prevent the enforcement of any other remedy or remedies provided herein or in other ordinances or laws. In addition to the remedies provided for herein, any violation of the terms of this Ordinance shall subject the violator to all available the penalties and remedies, ~~either criminal or civil or both.~~

B. In case any structure or use is erected, constructed, reconstructed, altered, repaired, converted or maintained in violation of this Ordinance as herein provided, an action for injunction or other appropriate action to prevent such violation may be instituted by the Administrator, the Rowan County Building Inspector, any other appropriate Town authority, or any person who may be damaged by such violation.

15.4.1 **-Deleted-**

*Criminal Penalties.*

~~Any person, firm, or corporation convicted of violating the provisions of this Ordinance shall, upon conviction, be guilty of a misdemeanor and shall be fined an amount not to exceed 500 dollars and/or imprisoned for a period not to exceed 30 days. Each day of violation shall be considered a separate offense, provided that the violation of this Ordinance is not corrected within 10 days of receipt of the warning citation.~~

RE: SB300- Decriminalization of Local Ordinances-part 2

Narrative:

Part of Senate Bill SB300 that has been signed into law, attempts to reduce the load on the criminal court system by decriminalizing local ordinances. What this means is that local ordinances will be handled by citation with a set penalty attached. Inability to collect due to failure to pay the citation would require the Town to file a civil action to collect just like any other past due bill.

SB300 allows certain local ordinances to continue to be prosecuted criminally but requires that specific language be added to each ordinance specifying this type of penalty instead of using “blanket” language in the administrative section of the ordinance, applying the possibility of criminal prosecution to all ordinances. Our ordinance currently uses this “blanket” language (see Section 1-6).

SB300 specifically states that criminal prosecution cannot be used on violations of development regulations (NCGS 160D) and thus our Unified Development Ordinance (Appendix A, Chapter 15, Section 15.4) will be amended to remove this option.

The following is an attempt to bring our ordinances into compliance with SB300. If desired, penalty language can be added or deleted in the future to address specific ordinances’ misdemeanor status.

Staff has reviewed all sections of the Code of Ordinances to determine which specific ordinances we would want to retain or add to the option of criminal prosecution. Some ordinances already include specific language and thus, will not require text amendments but others will. The following table shows which ordinances will lose/retain/add the option of criminal prosecution and their current text status:

<b>Decriminalization of Local Ordinances- Current Status and Required Action</b>								
Ordinance	Description	criminal action desired	specific text included	specific text not included	action	notes		
4-55	Animal control	yes	X		none	Rowan County Ordinance		
6-61	Minimum Housing	no	X		delete			
8-46	Peddlers	no		X	none	ordinance should be deleted		
10-26	public nuisance	no	X		delete			
10-56	junked vehicle	no		X	none			
14-32	youth protection	yes	X		none	for adult violation of ordinance only		
16-1	firearms on town prop	yes		X	add			
16-2	noise	yes		X	add			

The following are suggested text amendments to add/remove the criminal action option from various ordinances:

(yellow text added, strikethrough text deleted)

## **Chapter 1 General Provisions**

### **Sec 1-6 General penalty; enforcement of ordinances; continuing violations**

(a) ~~Unless otherwise provided herein,~~ **Where specified in each individual ordinance herein,** each violation of this Code or any other town ordinance shall constitute a misdemeanor as provided by G.S. [14-4](#), except as otherwise provided by statute, and violations of such provisions of this Code or any town ordinance shall be punished by fine or imprisonment as provided by law. Each day any violation of this Code or any town ordinance shall continue shall constitute a separate offense, except as may be specifically provided.

(b) Violations of this Code or any town ordinance shall constitute either a misdemeanor **(where specifically noted in the individual ordinance)** or, at the election of the town, shall subject the offender to a civil penalty upon the issuance of a citation for said violation as hereinafter provided. The civil penalty, if not paid to the town within 15 days of the issuance of a citation, may be recovered by the town in a civil action in the nature of debt. Unless otherwise provided by a specific provision of this Code or any town ordinance, said civil

penalties shall be in the amount of \$50.00 for each violation and each day any single violation continues shall be a separate violation.

(m) The existing ordinances of the town, a violation of which shall subject the offender to civil penalties and/or criminal penalty provisions of law, are as follows:

- (1) The Code of Ordinances (civil or criminal as specified).
- (2) The Unified Development Ordinance (UDO) of the town (civil only).

## **Chapter 6- Building and Building Regulations**

### **Sec. 6-61 Alternative Remedies**

- a. Nothing in this article nor any of its provisions shall be construed to impair or limit in any way the power of the town to define and declare nuisances and to cause their removal or abatement by summary proceedings or otherwise nor shall enforcement of one remedy provided herein prevent the enforcement of any other remedy or remedies provided herein or in other ordinances or laws. In addition to the remedies provided for herein, any violation of the terms of this article shall subject the violator to the penalties and remedies, ~~either criminal or civil or both~~, as set forth in [section 1-6](#).

## **Chapter 10- Environment**

### **Section 10-26 Procedure is alternative**

Nothing in this article nor any of its provisions shall be construed to impair or limit in any way the power of the town to define and declare nuisances and to cause their removal or abatement by summary proceedings or otherwise nor shall enforcement of one remedy provided herein prevent the enforcement of any other remedy or remedies provided herein or in other ordinances or laws. In addition to the remedies provided for herein, any violation of the terms of this article shall subject the violator to the penalties and remedies, ~~either criminal or civil or both~~, as set forth in [section 1-6](#).

## **Chapter 16- Offenses and miscellaneous provisions**

### **Section 16-2 Noise**

(e) Any person violating the provisions of this section shall be guilty of a misdemeanor and upon conviction shall be punished in the discretion of the court by fine or imprisonment, or by both.

### **Section 16-3 Firearms and explosives**

- (a) It shall be unlawful for any person to shoot any kind of firearm or explosive within the town without first having obtained express permission from the board of aldermen. This section shall not be interpreted so as to prohibit the use of firearms for self-protection.

- (b) Any person violating the provisions of this section shall be guilty of a misdemeanor and upon conviction shall be punished in the discretion of the court by fine or imprisonment, or by both.

**Appendix A, Chapter 15, Administration (UDO)**

**Sec. 15.4. - Penalties.**

- A. Nothing in this Ordinance, nor shall enforcement of one remedy provided herein prevent the enforcement of any other remedy or remedies provided herein or in other ordinances or laws. In addition to the remedies provided for herein, any violation of the terms of this Ordinance shall subject the violator to all available the penalties and remedies, ~~either criminal or civil or both.~~
- B. In case any structure or use is erected, constructed, reconstructed, altered, repaired, converted or maintained in violation of this Ordinance as herein provided, an action for injunction or other appropriate action to prevent such violation may be instituted by the Administrator, the Rowan County Building Inspector, any other appropriate Town authority, or any person who may be damaged by such violation.

15.4.1 ~~-Deleted-~~

*~~Criminal Penalties.~~*

~~Any person, firm, or corporation convicted of violating the provisions of this Ordinance shall, upon conviction, be guilty of a misdemeanor and shall be fined an amount not to exceed 500 dollars and/or imprisoned for a period not to exceed 30 days.
